Lizz Greer Artisan Textiles Presents Two New Collections - The Grid Collection & The Aspire Collection at The New York Home Textiles Show -

January, 2007 – Lizz Greer, designer of unique and exquisitely handcrafted artisan rugs, is pleased to announce that the company will feature two new collections at The New York Home Textiles Show January 28-31 at the Metropolitan Pavilion, booth #1001.

The Grid Collection features a modern twist on design with three different leaf motifs: *Ginkgo Leaves*, *Maple Leaves*, and *Chestnut Leaves*. Each design is available in three different color options in both smaller accent and larger room size rugs.

The Aspire Collection comprises accent rugs of meticulous handmade luxury in two designs, *Dream* and *Wish*, and is available in seven different color options.

Made of high-quality, hand-tufted and carved 100% New Zealand wool, both collections are attractively priced for an affordable, quality product.

These new collections are the latest Lizz Greer products since The Asian Fusion Collection launched in early 2006. The Asian Fusion Collection includes 10 designs: *Bamboo Dragon*, *Cranes with a Twist*, *Fish Bubbles*, *Fish Waves*, *Meditation*, *Mysterious Female*, *Primal Chaos*, *Reflection*, *Without Boundaries* and *Ying Yang Foo*.
